FIREMEN HOME FROM CONVENTION

**Columbia Company Will
Celebrate With Buffet
Luncheon Tonight**

ALL HAD GOOD TIME

Luray Wins Championship in Reel
Races—Lexington Second—In Free
for All Races Staunton Wins.

The Alexandria firemen who have
been attending the annual meeting
of the Virginia State Firemen's
convention returned home at 5
o'clock yesterday afternoon.

All expressed themselves as
highly pleased with the entertain-
ment given them in Charlottesville.

The firemen are very enthusiastic
over the fact that Alexandria se-
cured the next convention and there
is every indication that the firemen
will endeavor to even outdo Char-
lottesville in the program of enter-
tainment given the visitors.

Members of the Columbia Fire
Company tonight will give a buffet
supper in honor of the mem-
bers of that company who
attended the convention. Fire Chief
Kenneth W. Ogden will be the guest
of honor. During the evening in-
formal talks will be made by a number
of the firemen.

The convention came to an end
yesterday. The horse race, the
crowning event of the three-day
session, attracted a large crowd of
spectators. There were six entries
and Luray was winner.

The course was 150 yards, start-
ing near the Elks' Home and end-
ing nearly two blocks away. Each
team had to run 100 yards to the
plug, run an additional 50 yards to
unroll hose, attach nozzle and turn
on the water.

There were six entries in the reel
races for State Association com-
panies only—Harrisonburg, Lexing-
ton, Covington, Shenandoah, Luray
and Staunton.

The judges—Wm. H. Wood, R.
C. Walker and George Goodyear—
were seated in the improvised stand
(a wagon).

The Harrisonburg team, victors in
contests for the past six years and
prime favorites in the betting, was
the first to face the starter's pistol.

The members of the team came
down the line at a fast clip, but the
nozzle men failed to get the nozzle
attached to the hose at the proper
time, and water burst out of the
hose, thus eliminating the Valley
team.

Lexington made the run in 33 2-5
seconds for the 150 yards.

Shenandoah was the third entrant
and ran in great style but lost at
the plug. Time, 39 2-5 seconds.

Covington was next, and while
their sweaters were black, their run-
ning was true blue, for they made
the heat in 31 seconds, flat, win-
ning the race.

Staunton in their bright blue made
a fast run, but were slow in coup-
ling, making their time 35 seconds
flat.

Luray, captured first money, and
Lexington second.

The second race, open to all, was
won by Staunton in 33 4-5 seconds.

An impromptu foot race, prom-
oted by the judges, with an entry
from all the teams, was won by
Leon Seibert, of Luray, 150 yards in
16 seconds flat.

SPECTACULAR FIRE DESTROYS STABLES

**Three Horses Roasted Alive
In Early Morning
Blaze.**

CAUSE UNDETERMINED

Property of Moses Stevens and Henry
Smith, Sr., Colored—Firemen Save
Adjoining Property.

Three horses were burned to
death, eight carriages and busses
and other stable accessories destroy-
ed in a fire of undetermined origin
which at 4:45 o'clock this morning
destroyed three large wooden sta-
bles located in the square bounded
by Cameron, Payne, Queen and
West streets.

The burned stables were the prop-
erty of Moses Stevens and Henry
Smith, Sr., colored. Two belonged
to Stevenson and one to Smith.

The horses which were burned be-
longed to Walter Smith, colored.
The eight carriages, busses and
hacks were the property of Moses
Stevenson.

Six horses of Henry Smith, Sr.,
and two belonging to Moses Steven-
son were rescued from the fire.

The fire was one of the most
spectacular seen here recently, and
illuminated the western heavens
for miles around.

Back buildings of several of the
houses located on the east side of
West street between Cameron and
Queen streets, were also destroyed,
the fire at times menacing the
frame houses directly west of the
back buildings.

The firemen, however, succeeded
in confining the blaze to the stables
apart from the burned back build-
ings. For four hours the firemen
kept streams playing on the burn-
ing stables.

The fire attracted a large throng
of spectators.

The firemen were praised for the
able manner in which they handled
the fire.

ROAD BILL IS PASSED

Richmond, Va., Aug. 30.—Mem-
bers of the State senate assembled
in special session last night, passed
the highway legislation, making it
possible for the State to obtain Fed-
eral highway aid, and provided \$400,
000 additional for improving county
roads not a part of the State high-
way improvement plan.

Bills were introduced yesterday in
the house and senate authorizing an
appropriation of \$7,200 from the
military fund to cover expenses in-
curred to the participation in Richmond
of the Virginia Military Institute
corps of cadets on the occasion of
Gen. Stonewall Jackson's birthday, October
11.

In addition to amendments report-
ed by the Senate committee to the
bill to prevent trusts, combinations
and price fixing agreements inimical
to the public welfare, Senator
Cannon, of Richmond, said he had
several important amendments to offer.

Members of the assembly heard
read the bill ratifying woman suf-
frage in Virginia. The bill was sub-
mitted the previous day by Gov-
ernor Davis following the receipt of a
telegram from President Wilson
asking this be done.

Lieut. Wife and Daughter, Plunged
in Water, Are Saved by Boat.
A thrilling escape from death by
injury and drowning was the experi-
ence of Lieut. H. Z. Bogert, former
army flyer, and his wife and young
daughter late yesterday afternoon,
when a hydroplane, piloted and own-
ed by Bogert, struck a buoy in the
Potomac river, opposite Potomac
Park, and turned turtle, throwing
the occupants into the water.

Each managed to get a hold on
the half submerged machine. They
were rescued after about ten min-
utes in the water by a passing launch
of the government engineering ser-
vice.

The lower wing of the machine
was smashed. The accident occur-
ed while Bogert was attempting to
effect a rise from the water after
several unsuccessful efforts, the ma-
chine failing to clear the buoy.

The machine was beached at a
point on the Virginia shore near a
field from which Bogert starts the
recently inaugurated to Alexandria

sengers.

REJECT OFFER OF PRESIDENT WILSON

**Railroad Employees Unani-
mously Vote Against
Proposition.**

700 MEN ARE HERE

Vote Just Taken by Southern Shop-
men and Men Employed at Poto-
mac Yards

The seven hundred shopmen em-
ployed by the Southern Railway
Company in this city and by the
Richmond, Fredericksburg and Po-
tomac Railroad Company at the Po-
tomac yards have voted unanimously
to turn down President Wilson's
proposition for an increase of four
cents an hour.

The vote on this measure has
just been taken by these men.

There are 300 employees at the
Southern Railway shops in this
city, including laborers and there
are 400 men at the Potomac yards.

Men at the Southern and Potomac
yards have just been on a strike
on August 1 the employees at the
Southern shops went on a strike and
on August 4 the employees at the
Potomac yards went on a strike.

All returned to work August 12.
At the time they decided to return
to work it was announced that this
action was taken pending the out-
come of the efforts being made to
have their wages increased.

Before further action is again
taken by the men at these places
it is expected that they will wait
word from the national headquar-
ters of the American Federation of
Labor.

FOR SEPARATE PEACE

Germany Can't Meet "Hard and
Cruel" Terms, Says Senator
Knox.

Declaring that the peace treaty
cannot be enforced, but will lay the
foundation for centuries of blood-
letting, Senator Knox, of Pennsylv-
ania, a Republican member of the
Foreign Relations Committee and
former Secretary of State, told the
Senate yesterday that the United
States should decline to become a
party to the settlement effected at
Versailles, and should negotiate a
separate peace with Germany.

In his "hard and cruel" terms, he
asserted the treaty imposed on Ger-
many penalties which violate inter-
national law, and engender strife.
He declared there was no reason why
the United States should project its
self into the dangers of such a situa-
tion.

"The more I consider this treaty,"
said Mr. Knox, "the more I am con-
vinced that the only safe way for us
to deal with it is to decline to be a
party to it at all.

"I think we should renounce in
favor of Germany any and all claim
for indemnity because of the war and
see that she gets credit for what we
renounce. We ought to renounce all
participation or membership in com-
missions, committees, boards or
otherwise provided for in the treaty
in aid of its execution to which by
its terms we are parties. We ought
not to accept sessions of German
territory. We ought to declare a
general policy to regard with concern
any threat of disturbance of general
world peace, but at the same time we
should reserve complete liberty of ac-
tion either independently or in con-
junction with other powers in taking
such steps as we determine wise for
preserving the peace."

BIND, GAG AND ROB JITNEY DRIVER

Joseph Broders of Wash- ington Victim of Bold Robbers Today.

STEAL HIS MACHINE

Three Passengers At Point of Pistol Hold Him Up Near Mt. Ida and Leave Him Helpless.

Joseph Broders, a jitney driver,
giving his address as 308 Seventh
street, southwest, Washington, was
held up and gagged, robbed and his
car stolen at midnight last night by
three unidentified white men while
en route to Alexandria with his
passengers.

Broders was found lying in the
road by C. J. Winston of Braddock
Alexandria county. Mr. Winston
placed Broders in his machine and
brought him to Alexandria where a
report of the affair was made to
Police Sgt. William J. Wilkins.

According to Broders the three
men hired him to bring them to
Alexandria and he took them in his
machine, at Pennsylvania avenue
and Twelfth street. All went well
until he got to the foregoing place
when he noticed the men covering
their faces with handkerchiefs. The
next thing he knew was that each
man pointed a pistol in his face and
took him out of the machine and
securely bound and gagged him and
also covered his eyes with a handker-
chief. They then made off with his
new Chalmers machine. Before
leaving, however, the robbers rifled
his pockets and secured \$3 and a
watch and some cigars.

Broders told the police that the
men started toward Washington but
soon turned about and went south,
they evidently intending to lead him
to believe they had gone toward
Washington. He could tell by the
sound of his engine that his car was
headed south.

Several hours afterward Brod-
er's machine was found by the
Washington police in the northeast
section.

FRANKLIN'S ADVICE

When the original 13 States were bickering over the Constitution, Benjamin Franklin was a feeble old man more than 80 years of age. Franklin was a delegate to the Constitutional Convention. He was so frail and his voice was so weak that he could not speak on the floor, but when the question of approving the new Constitution arose he wrote a short address to his colleagues which one of the younger members read.

The Baltimore Sun, in reproducing a part of the address, properly says that Franklin's advice is so well suited to the present situation in the Senate that it ought to be emblazoned on the walls of the Senate Chamber where Messrs. Lodge, Knox, Borah and Brandegee and their following can read it each day. This is what Franklin said:

"I confess that there are several parts of this Constitution which I do not at present approve. But having lived long, I have experienced many instances of being obliged, by better information or fuller consideration, to change opinions even on important subjects, which I once thought right, but found to be otherwise. It is, therefore, that the older I grow, the more apt I am to doubt my own judgment and to pay more respect to the judgment of others."

"I doubt, too, whether any other convention we can obtain may be able to make a better Constitution. For when you assemble a number of men to have the advantage of their joint wisdom, you inevitably assemble with those men all their prejudices, their passions, their errors of opinion, their local interests, and their selfish views. From such an assembly can a perfect production be expected? It, therefore, astonishes me Sir, to find this system approaching so near to perfection as it does, and I think it will astonish our enemies who are waiting with confidence to hear that our councils are confounded like those of the builders of Babel, and that our States are on the point of separation, only to meet hereafter for the purpose of cutting one another's throats. Thus I consent, Sir, to this Constitution because I expect no better, and because I am not sure that it is not the best. The opinions I have had of errors I sacrifice to the public good. I have never whispered a syllable of them abroad. Within these walls they were born, and here they shall die. If every one of us in returning to our constituents were to report the objections he has had to it and endeavor to gain partisans in support of them, we might prevent its being generally received and thereby lose all the salutary effects and great advantages resulting naturally in our favor among foreign nations as well as among ourselves from our real unanimity."

"On the whole, Sir, I cannot help expressing a wish that every member of the convention who may still have objections to it would with me, on this occasion, doubt a little his own infallibility, and to make manifest our unanimity, put his name to this instrument."

CITIES VS. COUNTIES

In order to expedite road legislation and raise the sum necessary to meet the federal aid for the state highway system, members of the general assembly have tacitly agreed to a truce in the ancient feud between the cities and counties of the state. It develops according to the Richmond Virginian, that the truce is merely a matter of expediency and that the cities themselves, not their representatives in the general assembly, are just preparing to do battle and settle, for now and all time, the question of whether the preponderance of votes held in both houses by the counties could be combated in some way other than the ineffectual resistance of the city contingent in the legislature.

The delegation from all the large cities of the state which assembled in Richmond several days ago to register a concerted protest against

further appropriation for state aid to county roads at this time held a conference in Richmond as the situation was seen to be hopeless and conferred on some means to protect the state from the so-called "looking" of the county representatives. Senator Mathews, of Norfolk, states that, while he was not present at the conference, he was informed of the plan of action decided upon and told that little time would be lost in starting proceedings. The plan is to bring the whole situation before the supreme court of Virginia on the grounds that state aid system is unconstitutional, as set forth in a ruling issued by Assistant Attorney General Hank shortly after the special session convened. Mr. Hank's opinion was that taxes could not be levied on the whole state for purely local projects, under the established rule that one locality cannot be taxed for the benefit of another. The city faction contend that this applies to money appropriated for state aid, whether by direct levy or appropriation from the general fund.

Representatives of the cities believe that the supreme court will uphold this contention and if this is done, not only will appropriations made at this session become void, but all money heretofore claimed by the counties for this purpose will have to be returned to the state treasury.

RAILROAD PASSES

Many years ago, when the interstate commerce laws were being enacted, war was declared by the patrons of that measure against free passes on railroads—that is upon trains passing from one state to another.

The late Thomas Scott was President of the Pennsylvania Railroad at that time. He was quoted as having said: "You cannot operate a railroad satisfactorily without giving some free passes."

When Mr. McAdoo assumed control of the railroads he announced that he was going to reduce materially the number of passes issued by the corporations. This was hailed as a great reform in the interest of those who were compelled to pay their fares on the railroads—and pretty high fares at that. Most of the people imagined that passes were a thing of the past, but it was understood that the officials of the road, naturally, were still being given free transportation. A resolution of inquiry on the part of the Senate brings forth the fact that many thousands of passes are still in existence, and that they are not confined to the officials of the government and the roads.

According to the Philadelphia Inquirer, "Mr. McAdoo had a pass, naturally, but Mr. McAdoo's son and Mr. McAdoo's wife and Mr. McAdoo's daughter were also supplied with the magic bit of pasteboard. That might be accepted as a matter of course; but it seems that it did not stop with the family. The Director General of the railroads. The list of favored ones has been astonishingly large and there is one group that will be viewed with deep interest by those who are compelled to pay their fares. For instance, the favored list of past-doling relatives includes wives,

"This seems to be going it pretty strong and induces the thought that when it comes to providing for the families of the favored, on the railroad pass list resembles the pay roll of some of the 1933 families of Europe. Also it suggests that government control of the railroads has its drawbacks quite as much as private ownership and control."

BROTHERHOOD'S ADMISSION

The railroad brotherhoods have gone officially and publicly on record as admitting that increasing wages only aggravate the high cost of living. The cost of living is already such as to imperil national contentment. The Government, through the President, has recognized that the reduction of the cost of living is a national necessity and proclaimed it contrary to the public interest to permit further advances in the wage scale; that whatever chance there is of lowering prices cannot be realized if wages keep going up.

All this together places the striker in the position of knowingly and deliberately working against the public interest. He openly arranges himself against the public, in the surety that if he wins he himself will be only temporarily relieved and the public will be worse off.

The members of the local Railroad Shopmen's Union who yesterday, in defiance of their brotherhood's own admission and in defiance of the President's proclamation of national policy and necessity, voted to reject the concessions offered them by the Government and presumably, therefore, to strike if their original demands are not met, leave the public in no doubt as to the course to be pursued.

The public cannot be expected to show sympathy with a cause confessedly against its own welfare. The strike threat may be real or empty. In the latter case it merely creates unrest. In the former there is nothing for it but that the public accept the issue. For its own good it calls for and must stand by a showdown.—(Baltimore News)

AMERICAN FOOD SPOILS

British Docks, Tied up by Strike
Filed High With U.S. Shipments

London, Aug. 30.—Big shipments of American food life spoiling in British docks.

Congested because of the nationwide strike of transport workers, the docks are piled high with food shipped from New York, Boston, Baltimore and other ports of the United States.

Prices here could be forced down 50 per cent if the food could be moved and sold, dealers say.

Government officials are making strenuous efforts to end the congestion. It is being urged that consignees be penalized for failure to remove their goods.

The government's port and trans-

port committee has decided to appeal to Premier Lloyd George to put to work all army motor trucks to move the goods and clear the docks.

DENIES GERMANY HAS PACT

Berlin, Aug. 30.—"No engagements or promises, direct, indirect, expressed or implied, exist between the German government and Mexico."

The statement was made yesterday by Hermann Mueller, the German foreign minister, in commenting on recent New York dispatches telling of "revelations" by a certain Altendorf to the effect that the German government was still ready to keep the promise given to Carranza by Von Eckhardt, the former German minister to Mexico.

To Our Patrons

Alexandria, Va., June 2, 1919. In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This change will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.

Very truly yours, By order of the Board of Directors

CONFER WITH PRESIDENT

Gompers Accompanies Delegation of Union Officials to the White House.

Steel workers were confident last night, after a conference at the White House, of obtaining the President's aid in getting their demands before officials of the United States Steel Corporation, who have steadfastly refused to give the men a hearing.

Through the efforts of Samuel Gompers, president of the American Federation of Labor, the committee representing the employees of the United States Steel Corporation, headed by John Fitzpatrick, obtained the conference with the President.

Gompers declined to give a statement after the conference, but the attitude of members of the committee implied that the President will communicate with Judge Elbert H. Gary, chairman of the finance committee of the Steel Corporation.

Details of attempts of the committee to obtain a hearing from Judge Gary were presented to the President by the committee, which has been instructed to set a strike date if the officials decline further to meet the men for a discussion of betterment of working conditions.

The committee told the President that 24 international labor organizations were represented by the locals which have been formed of employees of the Steel Corporation, and which the Steel Corporation has refused to recognize.

They also charged that the Steel Corporation is discriminating against employees who have joined the labor unions, and that wholesale discharges of union men are being made by the steel companies.

The committee also described in detail the "miserable working and living conditions" of the steel workers, and appealed to the President to exert his influence to prepare the way for giving justice to the men.

ASKS WILSON TO STOP ATTACKS ON NEGROES

New York, Aug. 30.—"In the name of 12,000,000 negroes of the United States, the National Association for

the Advancement of Colored People respectfully inquires how long the Federal government under your administration intends to tolerate anarchy in the United States?"

This was the opening sentence of a telegram sent to President Wilson yesterday by Mary White Ovington, chairman. The telegram cites the recent attack on John R. Shilladay in Austin, Texas, and the lynching of a negro in Georgia Thursday.

PALMER CONFIRMED

After a stormy executive session lasting more than two hours, the Senate late yesterday confirmed the nomination of A. Mitchell Palmer as Attorney General. There was no roll call.

Opposition to Palmer was led by Senator Frelinghuysen, of New Jersey, at whose instance charges reflecting on Palmer's administration of the Alien Property Custodian's office were examined by a subcommittee of the Judiciary Committee. This committee reported unanimously in favor of confirmation.

The men went back to work at the wage increase—five cents an hour—granted them by the National War Labor Board.

WOODEN CARS

Despite Fatal Wreck Old Coaches Likely to be Used for Outing

In spite of wide spread criticism of the continued use of wooden coaches in the excursion train run in sections between Washington and Atlantic City, it was learned at Union Station, Washington, last night that such coaches will be again pressed into service for the Atlantic City excursion today. If the supply of steel cars proves inadequate, the storm of protests against this practice was aroused by the wreck of the Washington-Atlantic City excursion train at Elwood, N. J., last Sunday, when one passenger was killed and twenty-two injured, as wooden cars were telescoped.

The traffic on the railroads during the week before and the week following Labor Day, always heavy, promises to be record breaking this year, officials say, the increase having already begun. Yesterday it was necessary to put into service practically every sleeping car available, and train men say that if the supply of steel coaches will not accommodate the demands, wooden cars will again be used.

NEGRO LODGE WAS ARSENAL

Several Meeting Places Burned by Georgia Mobs

The mobs formed after reports had been circulated that the negroes of the county planned an uprising.

ENORMOUS COAL BED

Ten Years' Work Near Hazleton, Exposes Supply for Years to Come.

Hazleton, Pa., Aug. 30.—Ten years' work with scores of steam shovels and thousands of laborers who used many tons of dynamite to rip the top off valuable coal seams at Ebervale and Oakdale ended yesterday when the contractor turned over the property to the G. B. Markle Co., largest independent anthracite operators in the world.

KEPT HER AWAKE

The Terrible Pains in Back and Sides Cardui Gave Relief

Marksville, La.,—Mrs. Alice Johnson of this place writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful.

I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui.

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui. By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well. If you suffer from pains due to female complaints, Cardui may women who once suffered in this way now praise Cardui for their present but just what you need. Thousands of good health. Give it a trial.

The completion of this mammoth task, which has turned the North Side into a landscape resembling the Panama Canal, gives the Markle firm the chance to keep up its production figures for the coming winter when demand for anthracite will probably be brisk. Culm banks and coal easily reached underground were exhausted during the war rush for coal. The veins exposed by the strippings will furnish hundreds of thousands of tons for years to come.

Other sections of the stripping will be pushed by contractors whose plans call for the digging of a ten mile ditch 200 feet wide and 100 feet deep.

RATTLESNAKES IN OATS

Marsh Hill Junction Farmer Hears Six Snakes, Give Alarm and Quits Job.

Williamsport, Pa., Aug. 30.—At Marsh Hill Junction, on the Northern Central Railroad, is a field of oats standing which is ripe and should be cut, but the owner refuses to reap it because of rattlesnakes. When he began cutting the grain three weeks ago he handed his grain cradle over the fence and heard the familiar rattle of snakes coming from six different directions. He did not attempt to remove the cradle.

A neighbor equipped himself with snake proof boots and gloves and tried his luck, but a rattler tried to climb the handle of the scythe and attack his face. He gave it up as a bad job. No one else has had the courage to make another attempt to cut the oats. It is said the snakes came down the mountain to Lycoming creek to get water and made their home in the oats field.

FIREBUG CONFESSES GUILT

\$100,000 Loss Laid to 15-Year-Old; Says Spells Came Over Him.

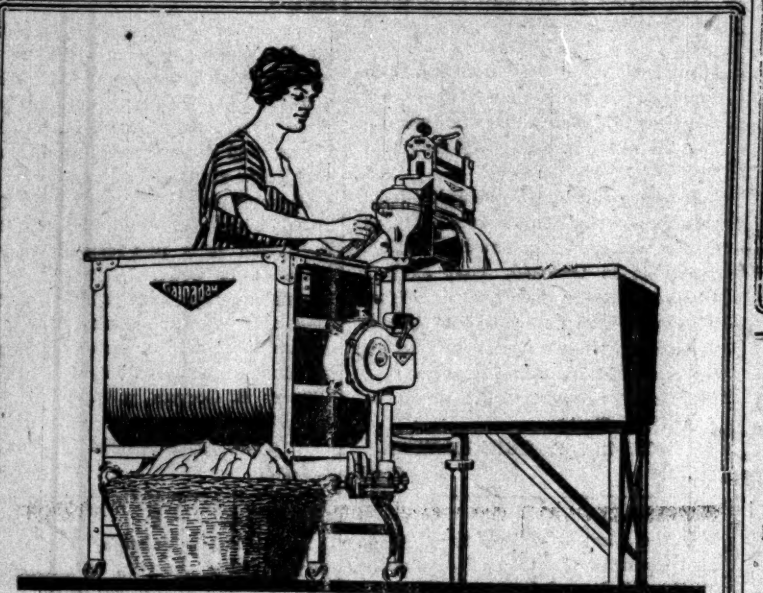

Easton, Pa., Aug. 30.—The mystery surrounding a long list of disastrous fires in the upper end of the county was cleared up yesterday when Lewis Over, a 15-year-old boy residing in Upper Mt. Bethel township, confessed to setting fire to various buildings which entailed a loss of more than \$100,000.

The boy was placed under arrest after a charge had been preferred against him by Deputy State Fire Marshal C. H. Kohn. The boy admitted that he had been setting fire to buildings, barns and mills since last November and said he was prompted in doing it by spells that came over him.

Just another report of a case in Alexandria. Another typical case. Kidney ailments relieved in Alexandria with Doan's Kidney Pills.

N. W. Simpson, 1513 King street, Alexandria, says: "It was a good many years ago that I first had kidney trouble and I got so I could hardly get out of bed. The pain and misery I went through were terrible. My back was lame and so sore I could hardly touch it. It hurt me to bend over and I had terrible headaches. Some days I was so nervous I would shake like a leaf. The kidney secretions were in bad shape. Sometimes they were scanty and then I would have swelling of my feet. My feet would get twice their natural size and I couldn't get on my shoes. I was all worn out and didn't have the ambition to work. A friend told me about Doan's Kidney Pills and I got two boxes at Ashton's Drug Store and took them according to directions. They helped me so much I got three more boxes of Doan's and they entirely cured me. Since then I have worked every day and have been in fine health."

Now Is the Time to Advertise

PRESENT ADVERTISERS — Increase your space.

PROSPECTIVE ADVERTISERS — Bring your plans to a head and start advertising immediately.

Advertising began as an afterthought of business, but became the forethought. Just as it was a part of the forethought of war that insured victory, so advertising must become the forethought of peace to insure prosperity.

Advertising Anticipates; Advertising Discounts; Advertising Compels. Advertising is the surest, quickest, and most economical selling force known to industry to-day.

The power of an idea multiplied in millions of minds moves governments — or goods — as the case may be.

The Department of Labor urges more advertising by merchants and manufacturers to insure the present prosperity of the Nation.

TEACH RURAL MINISTERS

Presbyterian Board Plans Course; Must be Pastors as Well as Preachers.

Philadelphia, Aug. 30.—The Presbyterian Board of Home Missions is planning the re-education of country clergymen, to enable them to cope with post-war problems. As part of the programme to enable its ministers to keep up with the times, the board plans to spend \$10,000 for the re-education of ministers in 1920 and \$25,000 each year for a special graduate course of study for the most promising rural pastors.

The board's announcement says: "The demand upon a pastor in a small community is far beyond what he has been prepared to meet. He has been taught to preach, study the Bible, teach and visit his people in their homes, but he is called on now to lead the community in work for better roads, consolidation of schools, reform movements, financial crises and recreational problems. He is called on to be a pastor, not a preacher only."

THEATRES

INGOMAR THEATRE

Because a minister sought out a fallen girl, rescued her and took her to her parents, into his choir and his home, his congregation deserted his church. This is one of the powerful scenes in Evelyn Nesbit's latest William Fox photoplay "Thou Shalt Not," which will be shown at the Ingomar Theatre tonight.

It is a play of heart and home, of tremendous strength, of a tragedy taken from real life.

Evelyn Nesbit is seen as a young, innocent choir singer, who is led astray by a man under promise of marriage. He lures her into shame, only to desert her. The picture reveals the pathetic helplessness of young innocence held in the clutches of a man's selfish and brutal power. It reveals a mother's sorrow, a father's mistakes, and teaches a powerful, lasting lesson.

RICHMOND THEATRE

"A Man's Fight," at the Richmond Theatre tonight has been pronounced one of the strongest starring vehicles provided for Dustin Farnum to date, a testimony to which Mr. Farnum himself has subscribed. It presents this big screen and stage star in a novel and notable role in which he lays aside for the nonce his ofttime garb of cowboy and is seen in business suit and evening dress.

Dustin Farnum brings his virile personality with a new and keener zest to the novelty of a role which his versatility and long training on the stage enable him to make stand out with a prominence beyond any characterization he has attempted in the past.

WORKERS WALK OUT

Portsville Men Building Ice Cream Factory Charge Lunch Time Docked.

Portsville, Pa., Aug. 30.—This city's oldest strike went into effect yesterday when thirty men engaged in building an ice cream factory struck because the free near-beer which was served to them every day was cut off.

The factory is being erected for the Youngling Brewing Company, and it has been the custom of that firm heretofore to supply all employees with free beer. The men also claim they were docked for taking ten minutes for lunch.

MADONNA STOLEN

Picture Pasted in Frame to Hide Theft—Bologna Police Have Clue.

Bologna, Italy, Aug. 30.—Dr. Francia's masterpiece, "The Madonna and Child," has been stolen from the Accademia di Belle Arti, and a colored photograph has been substituted for it. The photograph was pasted in the frame to conceal the theft. This masterpiece dates back to the fifteenth century. The

police suspect some visitors at the gallery last Sunday and have their names.

The picture is probably that painted by Francesco Francia in the latter part of the fifteenth century, showing a three-quarter figure of the Madonna holding a child in her arms and St. Francis at the right, holding a cross, with a landscape background.

AVIATOR FINED \$25

Farmer's Family and Stock Scared By Plane, Affirms Prosecutor.

Kansas City, Mo., Aug. 30.—On a charge of flying his airplane within ten feet of the roof of a farmer's house, Charles H. Levy was fined \$25 and costs for disturbing the peace, in a justice court at Dodson, Mo., yesterday.

The complainant, Fred Hoeman, a farmer, living near a local aviation field, asserted that the aviator had scared his family and frightened his stock, while it was admitted that no law on the statutes covered the case. Justice "SI" Farmer declared that it was his opinion the aviator had disturbed the peace of the farmer and his family. Levy stated he would appeal the case.

DEATH LAID TO BOLOGNA

Father, Mother and Three Others Critically Ill From Ptomaine Poisoning.

Wilkes-Barre, Pa., Aug. 30.—Bologna which was the main item of an evening meal at the home of Mr. and Mrs. Owen O'Boyle, Park avenue, Maltby, Thursday night, is said to have caused the death yesterday of John O'Boyle, four years.

Mother and father and three other children are seriously ill, all suffering from acute ptomaine poisoning. The Bologna was purchased from a nearby butcher shop after Mr. O'Boyle had found that meat prices were too high for his purse.

SOLDIER SHOTS SELF AS CROWD LOOKS ON.

Calmly pressing a revolver to his

breast, Private Harry S. Schutte, 25 years old, shot himself through one lung while standing on the curb at New York avenue and Fifteenth street, Washington, at 6:30 o'clock last night.

A woman screamed as the report rang out. Dinner hour crowds rushing home showed up as a group collected about the unconscious figure of the soldier. An ambulance took the soldier to Emergency Hospital, where it was said he may not recover.

"The people who know me know why I committed this terrible deed," read a note in the pocket of Schutte, whose home was in Baltimore before he joined Company A, Fourteenth Machine Gun Battalion. "It is a pity the Germans did not do what I am about to do. May God forgive me."
